Describe your experience working with computers. If you have programming skills, please be specific.

Do you have experience working with technical equipment or tools? This includes lab equipment as well as shop equipment. Please be specific.

Give a brief description of your work experience. We are interested in ALL kinds of jobs, including non-scientific and unpaid (volunteer) work. You may attach a resume.

List the person you have asked to write a letter of recommendation. **Send one letter only.** Sending more than one letter will not increase your chances of being selected.

Using the project list provided, identify four or five projects at UC Santa Barbara that interest you. Include the name of the project and the name(s) of the project leader(s). This will help us place you in a lab that matches your interest.
